HONOLULU, H. I., WEDNESDAY, JULY 5, 1899.

PRICE 5 CENTS.

The Resolutions.

The resolutions unanimously adopted at the Fourth of July exercises yesterday are as follows:

Whereas, Under and by virtue of the Joint Resolution of Annexation the Hawaiian Islands have been annexed as a part of the territory of the United States and are now subject to the sovereign dominion thereof, and

Whereas, The said resolution further provides that the municipal legislation of the Hawaiian Islands not inconsistent therewith nor contrary to the Constitution of the United States shall remain in force until the Congress of the United States shall otherwise determine; and

Whereas, By the failure of the last Congress of the United States to enact necessary legislation at its late session, much uncertainty exists as to the present status of the Hawaiian Islands in their relation to the Government, Constitution and laws of the United States, and

Whereas, This is deemed a fitting occasion for a public expression of opinion on the matter; therefore,

Resolved, That this assemblage earnestly and respectfully asks of President McKinley and his advisers and the Congress of the United States to take such action as will cause the speedy extension of American territorial laws to Hawaii.

Resolved, That a copy of these resolutions be forwarded to the President of the United States, the President of the Senate and the Speaker of the House of Representatives.

Sham Battle Saturday.
There will be a drill and sham battle of the police in Punahou pasture Saturday afternoon. Marshal Brown means to make this event one of the best of the kind that has ever been given here.

Miss Kate Vida leaves for Maui in the Claudine this afternoon.

DIRECTORS ARE RE-ELECTED

Pioneer Building and Loan Association Matters.

Report of Secretary Gear—Vote of Thanks to Directors—Excellent Showing Made.

At a meeting of the stockholders of the Pioneer Building & Loan Association held Monday evening, Messrs. J. D. Holt, J. L. McLain and A. W. Keech were re-elected directors for the ensuing three years. W. L. Howard was elected to fill the unexpired term made vacant by the resignation of J. G. Rothwell. W. R. Sims, Geo. W. Farr and C. S. Crane were re-elected to serve as auditors. Secretary Gear read the following report to the stockholders:

To the Stockholders of the Pioneer Building & Loan Association of Hawaii:

On June 30, 1899, the Pioneer Building & Loan Association of Hawaii completed its ninth year. Of the original Board of Directors elected in June, 1890, three of them, Messrs. Theo. F. Lansing, S. B. Rose and Henry Smith have served continuously up to the present time.

Although the Association was incorporated under difficulties and with the usual prophecies that it would not prove a success, the results have exceeded the original estimate, as it was believed upon incorporation that it would require at least ten years for the stock to mature, but at the regular monthly meeting of the Board of Directors, held in June, the Secretary reported that the first series of stock had reached a par value of \$200.00 a share, and by a vote of the Board of Directors in accordance with the By-Laws, a meeting of the Stockholders of the first series of stock was convened, and full settlement was made of

their accounts. It is thus seen that instead of ten years, only eight years and eleven months were required for the maturity of the first series of stock.

There remained 123 shares out of standing of the first series, requiring a settlement of \$24,600.00; of this amount \$10,800 was applied for the release of Real Estate loans, \$9,175.00 for the release of Stock loans and \$4,625.00 was paid out in cash.

It is estimated that the second series of stock, of which there are 221 shares outstanding, will mature in January or February, 1900, and the remaining series will mature about every six months thereafter, as new series of stock have been issued by the Board of Directors every six months. The nineteenth series is now open for subscriptions.

There is at present \$83,350 outstanding on Real Estate loans, and \$19,310 outstanding on Stock loans. The affairs of the Association have been prosperous, and not a single loss has been made during the nine years of its existence.

The new series of stock have been quite generally subscribed for. There were 296 shares issued in the 18th series, which is a larger number than has been issued in any one series for the past five years, and it is to be hoped that the 19th series of stock will meet with as good results. There has been a steady demand for loans, which has enabled the directors to keep all of the funds of the Association invested, and the withdrawals have been comparatively few in number.

The stockholders are to be congratulated upon the prosperous condition of the Association, and it is to be hoped that the future of the Association will prove as successful as the past nine years have been.

On motion, a vote of thanks was given to the Board of Directors, and especially to the three directors who had served ever since the inception of the Association, this for their faithful services in behalf of the stockholders. T. F. Lansing, S. B. Rose, and Henry Smith are the three directors who served.

Struck by Baseball.

The crowd at the baseball game yesterday was so large that there were five or more people hurt by foul balls. A little girl was leaning up against the wire netting in front of the grandstand when a ball struck near her. The impact was strong enough to cause the wire to cut the little girl's face in several places. A German standing in the crowd at a position midway between third base and the home plate had three teeth knocked out and his nose broken by a swift foul, a native and a white man were also struck but their injuries are hardly worth mentioning.

About the New Bank.

The papers of the new bank will be considered by the Cabinet at a meeting tomorrow morning on account of the departure of President Dole in the near future. The charter has already been given some consideration, and there are two or three places that will have to be changed. Representatives of the bank will be present at the meeting.

Will Fumigate Freight.

Upon the arrival of the America Maru from China and Japan her freight will be placed in the fumigating room on the Pacific Mail Wharf, and fumigated before its removal to the places of the consignees.

Dole to Visit Gordon Fair.

President and Mrs. Dole are to leave for Makaweli, Kauai, in a day or so to spend a fortnight with friends. Mr. Dole is taking the trip solely as a vacation.

The match race between two crews from the Myrtle Boat Club, captained respectively by Geo. Martin and Tommie King, was won by the former's crew in the four-oar barge. The other crew rowed four in the six-oar barge.

EVERYBODY CELEBRATED

Honolulu's Fourth of July Enthusiasm Second to None.

From Morn Till Morn the People Woke the Echoes—Parade, Literary, Sports, Fireworks, and Ball.

Parade a Great Success.

All classes and conditions of men, women and children turned out yesterday morning and thronged the streets through which the Independence Day Parade was advertised to pass. Long before the procession commenced to form at Richards and Hotel streets and Richards and King carriages and pedestrians in dense crowds had gathered to lend their presence and enthusiasm to the day's pageant.

Along the line of march the house tops, balconies and verandas were all occupied with an eager and expectant multitude.

The procession started not long after the appointed hour headed by Captain W. G. Ashley, followed by the police in excellent array. Next the Concordia band, after which the Sixth Artillery led by Lieut. Col. S. M. Mills marched in splendid style. The Government band was next in line with the N. G. H. with full battalions close behind. Col. J. W. Jones commanded the regiment. The second division was led by Marshal Brown and Deputy Marshal Chillingworth and Lieut. L. D. Kenake.

The feature of the bicycle section of the parade was two bicycles fastened side by side with a smaller wheel arranged above them ridden by a young cyclist, representing Bailey's Cycles. Two very handsomely decorated wheels were ridden by a couple of young ladies, one an American girl and the other a daughter of Hawaii. The Mounted police and Mounted reserves were followed by the Fire Commissioners and Chief Hunt in carriages beautifully decorated. The Fire Department's exhibition was voted by many the chief attraction of the parade. The decorations were tastefully and most appropriately gotten up.

A representation of the ship of state was next in line, with Miss Jennie Murray as Columbia, Hawaii, the "Pearl of the Pacific" was represented by the other official float. Great cheering greeted the two floats.

The Orpheum's float, a large load of hay on which the talent sported in hay seed costumes and produced various "noises" was one of the most popular of the unofficial floats. A Chinese laundry in which Henry Vierra, Teyo Jackson and others figured to advantage also delighted the populace.

The procession was reviewed from the stand at the makai entrance of the Executive grounds and then dismissed.

The following is a list of the prizes: Bicycles: Best—Lena Flint. Second—Mrs. Greenig. Third—Miss Manoa. Fourth—Master Gorman. Tandem—Chapman and Lady (Hall & Son). Floats: Best Decorated—W. W. Dimond. Second—Bergstrom Music Co. Most Original—Orpheum Troupe. Second Original—Vierra, Jackson & Co. Fire Engines: Best Decorated—No. 2, Central station. Second—No. 1, King street. Third—No. 4, Central Station. Vehicles: Best—Chief Engineer Hunt. Delivery Wagons: Best—H. May & Co. Second—S. J. Salter. Third—Criterion saloon. Characters: Most Original—Kauhane (Bo'e'n).

Literary Exercises.
The literary exercises held in the Opera House were in keeping with the marked enthusiasm shown throughout the day. The Opera House was crowded to the doors. The program opened with an overture by the Amateur Orchestra, Wray Taylor leader. The invocation was offered by Rev. W. M.

Kinesid, followed by the reading of the Declaration of Independence by Francis Boggs. Annis Montague Turner sang the "Star Spangled Banner" and "Columbia." Mrs. Turner was in splendid voice, and her rendition of the patriotic songs was greeted with cheers.

The principal address of the day was delivered by Rev. M. S. Levy, of San Francisco. Mr. Levy is an excellent speaker, and his remarks were punctuated by frequent and enthusiastic applause. He spoke for thirty-five minutes, and his remarks were appropriate, forceful, and intensely patriotic.

Harold M. Sewall made a short and stirring address of about three minutes leading up to the resolutions introduced by P. C. Jones.

Mr. Jones said that he considered the resolutions particularly appropriate to receive the attention of the audience gathered to celebrate the national birthday. He also spoke happily and appropriately with reference to the display of the flag.

"It is the duty of all of us to teach the children of the land to love and reverence Old Glory," said Mr. Jones, "to teach them what it means, what it stands for, what hallowed associations cling to that symbol of might, right and liberty. These islands are American territory, this country is part of the great United States, but what is there here to show it!"

"I have noticed the scarcity of American flags on these islands, in fact the only one in any noticeable place is a small one on the flag pole of the Executive Building. The Star Spangled Banner should float from every flag pole in the country. I would like to see an extra large one on the main pole of the Executive Building. Every public building should have one (applause). Every hill and rocky prominence from Makapuu Point to Barbers Point should have there planted a large flag pole with an extra large American flag flying therefrom, so that all who come to these shores would know that the beautiful country is part of the one great country, America. (Tumultuous applause). I would have a large American flag flying from the top of every schoolhouse in the islands. Yes! and I would have a good sized flag for every school-boy and school-girl in Hawaii for them to carry in their hands (continued applause). Let the flag of our country be seen everywhere, let the world know that we are in America."

Henry E. Cooper speaking from the floor of the house said:

"A little more than a year ago this community assumed the responsibilities of American citizenship. Before the news of Admiral Dewey's victory in Manila Bay had reached these shores, your people had tendered their allegiance to the great republic with which they had maintained such close relations for so many years. Without the means of self-defense, the little nation in the midst of the great ocean had cast its lot with the fortunes of the United States of America. Some said that it was a foolhardy thing to do, but the patriotism of Americans and the sons and daughters of Americans was equal to the emergency. America might be in need of your assistance, and the love of country permitted no hesitation. Your harbor was offered as an asylum for the ships of war that flew the American flag. Your women labored to the utmost in order to give good cheer to the soldiers and sailors of the American army and navy bound to conquest in a distant land.

"These acts of yours rendered you liable to heavy reprisals at the hands of Spain had she proven victorious; yet no one faltered who had the true interest of Hawaii at heart.

"A little later when the fate of this country hung in the balance, the halls of Congress rang with applause when the story of your patriotism was told, and finally by an overwhelming vote, this coun-

RAPID TRANSIT MATTERS

Survey of Line As Amended Approved By Executive Council.

Survey On Ala Moana Not Acted On—Proposition for Widening of Beretania Street Accepted—Other Matters.

There was a long meeting of the Executive Council this forenoon. Much of the time was taken up in discussion on a matter in which W. R. Castle figured as representative. Another short meeting is to be held tomorrow morning. The Rapid Transit Co. sent in a survey of a line of road from Kalia bridge to the culvert near John Egan's Waikiki place as amended by the Superintendent of Public Works. This was approved. The company suggested the other day that application be made for a line on Alapai street but as the sewer is to be built there soon, it was thought best to leave rapid transit work until after.

The survey of that part of the road to be laid along Ala Moana, although handed in, was not acted on.

A proposition from the Catholic Mission to widen Beretania street was approved. The Mission offers to furnish enough land on Beretania, between Fort Street and Garden lane for the widening in exchange for two pieces of land on Punchbowl slope now under a thirteen year lease from the late Queen Dowager. It is understood that satisfactory arrangements can be made with the Portuguese now in possession of the land.

The matter of the applications for wine and beer license for Molokai and another for Lahaina was brought up. These had been referred to the Sheriff of Maui who recommended that license be not granted. The report was adopted.

An application to be appointed a notary public in place of Mr. Mason, resigned, was received from Fred Clay of Oahu. It was voted that this petition be granted provided satisfactory examination be passed before Judge Wilder.

Now a Special Officer.

George Sea, has resigned as deputy sheriff of Waianae and is now a special officer assigned to duty in the Bicycle Patrol. Sea's place in Waianae has been taken by Deputy Sheriff Faneuf who holds this office in Ewa as well. Sea has been with the Police Department for several years and is accounted a faithful and efficient service.

Call at Executive Building.

General Young and staff of the Transport Sheridan called on the President this forenoon. Another visitor was the Commander Bethbender of the Argentine training ship Presidente Sarmiento.

To Be Serenaded.

Captain Berger and his boys will go aboard the Transport Sheridan this afternoon to serenade General Young and the soldiers on their way to Manila.

Miss Belle Weight left for Hawaii this morning on the Kinan.

Circular Letter.

Messrs. J. T. Waterhouse desire to notify their customers and correspondents that on June 1st, 1899, their Grocery and Provision business was absorbed and taken over by Henry May & Co., Ltd., and the Hardware and Crockery departments by the Pacific Hardware Co., Ltd.

As our Messrs. Waterhouse will continue to be identified with the Corporations named, we desire, in thanking the public and our patrons for past favors, to request a continuance of their good will to the Corporations succeeding us, and of which we are members.

The Grocery and Provision business will be continued at our present stand, Bethel street, and the Hardware and Crockery stock will be moved to the stores of the Pacific Hardware Co., Ltd., Bethel street. (Signed),
J. T. WATERHOUSE.
Dated Honolulu, May 28th, 1899.
